

Jems demo and consultation for Controllers

21 March 2025 (10:00 – 11:30 CET)

Online, Teams

10.00 – 10.05

Welcome and introduction

10.05 – 10.45

Demonstration of key Jems v11 & v12 features for Controllers

Many Interreg Programmes have not yet upgraded to the latest Jems releases, meaning Controllers may not have had access to key improvements. This session will provide a first-hand look at:

- Export plugins
- 1-click export of UI tables to excel
- Bulk file download
- Financial living tables
- Highlighting of expenditure items in Partner report which were changed during last reopening
- Update of procurements

10.45 – 11.30

Questions and answers

Controllers have the possibility to engage in an interactive discussion:

- Share questions, concerns, and feedback directly with the Interact team
- Discuss ways to improve Jems usability and workflows
- Identify additional needs for training or guidance to maximize efficiency in the Controllers' work
