

Central Baltic Programme

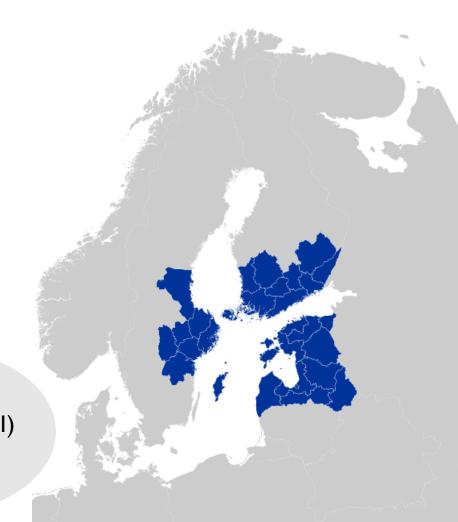

Experiences from EC compliance audit

Programme area 2021-2027

Background

- One of the first programmes to make payment claims to EC
- Submitted data for the common audit sample
- -> Letter received through SFC (without read rights)

Simplifications - basic principles

- Continuation of existing and proven simplifications
- Harmonisation among Interreg projects
- Full use of SCO's

Simplifications - off-the-shelf

- Office and administration flat rate
- Travel and accommodation flat rate

Simplifications - CB own

- Staff costs Staff costs hourly rate SSUC
 - Baltic See Region developed, taken over according to Professional judgement methodology
- Project events Standard Scale of Unit Cost (per country and per day of the event)
 - Created from scratch
- Project management equipment Standard Scale of Unit Cost (per hour worked)
 - Created from scratch
- Preparation costs lump sum
 - 2014-2020 period as basis, indexation

Audit process

- Audit of audit authority, but
- Trickled down to Managing Authority
- Communication mainly between AA and COM

What was audited

- 3 of 4 own SCOs, namely:
- Staff costs Staff costs hourly rate SSUC
 - Baltic See Region developed, taken over according to Professional judgement methodology
- Project management equipment Standard Scale of Unit Cost (per hour worked)
 - Created from scratch
- Preparation costs lump sum
 - 2014-2020 period as basis, indexation

In the middle of the audit

- The audit work went to the very end (beginning?)
- Very detailed audit work
- Documents submitted and a meeting organised
- A feeling that our explanations were understood,
- But?

Audit outcomes and lessons learnt

- No audit findings for CB
- Overall, few findings or corrections
- The audit report was on a general level
- Potential issues were handled very delicately
