

Smart Support - Stronger Projects

11 February 2025

online

Draft Agenda

09.00 – 9.30

Welcome and introduction

9.30 – 10.30

Programme snapshots – what works in practice and what are the challenges?

This online session will present several short cases showcasing support systems from Interreg programmes and will create space for reflection and exchange. The aim is to discuss current approaches, identify what is working well, and explore the main remaining challenges. In this way, the session will help us scan where gaps may exist, gain fresh ideas and insights.

10.30 – 10.40

Comfort break

10.40 – 11.40

Your voice in action: a collaborative space for shared learning

We invite you to participate in shaping the content of this session. When registering, please take a moment to reflect and answer a few questions – and share a challenge, question or idea that you would like us to explore more deeply during the session.
